THE SANITARY COMBITION OF BAKERIES IN The Sanitary Superintendent submitted a teport on the above subject. It was stated that he had again inspected all the known bakeries where bread is prepared for sale to the foreign community and found them to be practically in the same condition as Fro Diavois &c -- al of which, we learn, when he last reported regarding them. Clergymen's houses have been robbed and the bodies of the murdered mon found on the highroads. The correspondent was warned of the danger of travelling about the country and he seldom drove about at night. Carevens of merchandise are esserted by armed forces. The correspondent adds that villages in the Government of Samara, which were prosperous in 1886, are now plunged into despest misery, and that the population has been decimated. In one village 2.765 of its 7.865 inhabitants have migrated 1.01 those remaining, 1250 are dependent upon charity. In three months the people of the village lost 4,038 head of live stock.
